Ajo Improvement Company Self-Certification Letter

To Whom it May Concern:

In Connection with the extension of the Certificate of Environmental Compatibility ("CEC") issued to the Ajo Improvement Company ("Ajo") in Decision No. 70957 on April 7, 2009 ("Decision"), Ajo is to submit a Self-Certification Letter annually identifying the progress made with respect to each condition contained in the CEC, including which conditions have been met.

At the outset, it should again be stated that Ajo has not yet commenced construction of the transmission line ("Project") due to the continuation of the economic factors related to the electric load that would be served by the Project. Prior, or upon commencement of the construction of the Project, Ajo will have complied with the conditions set forth in Paragraph 22. that have not been complied with and will submit a Self-Certification Letter annually, identifying progress made with respect to conditions yet to be met.

Identifying progress made with respect to the conditions set forth in paragraph 22. Of the Decision, the following information is being provided:

- (1) As of this date, Ajo has complied with the conditions set forth in subparagraphs 22.l., and m. Information of such compliance was previously provided to the Arizona Corporation Commission on December 23, 2008.
- (2) Prior to the commencement of construction of the Project, Ajo will comply with the provisions of subparagraphs a., b., g., h., i., j., k., n., o., p., q., r., s., and t.
